### Christmas Plays and Concerts

We are so proud of the way the children performed in their plays and concerts. We all know how hard they worked to learn lines and song words. It is amazing to watch them on the stage and see the confidence with which they perform.

Well done - you are superstars!

### Magic

The children were treated to a spectacular magic show on Thursday. This was kindly funded by the PTA.

### Elf Day

It has been brilliant seeing so many elves around school today.

If you would like to support Elf Day for Alzheimer's, please go to our justgiving page:

## Student Parliament

The Student Parliament has been set up to represent approximately **5000** students across the TrustEd Schools by the students. Each school in the Trust has two representatives. Over the year, our school representatives will be asking for your opinions and support in community and national issues, with the intention of raising awareness and money through activities.

## Sporting News

On Wednesday a group of year 5 and 6 students were at BES for a football and Boccia/Kurling festival. The girls who competed in the Boccia/Curling showed great enthusiasm and came away with a Determination certificate. We had two football teams who both played some great games and represented the school proudly.

Pictured is the A team who had an amazing evening; they went unbeaten all the way until the final where they were challenged with St Leonard's, who they had previously beaten 1-0 in the group stages. In the final, it was goalless at full time which resulted in a penalty shootout, with Harvey B, Dillion K and Leila B stepping up for Castlefields, and inbetween the post was Oscar. Unfortunately, we lost 2-1 on penalties resulting in a second place finish. Both teams played extremely well and showed great determination. Once again Mr Carter is proud of all who attended.

Chloe (Y5) and Leila (Y6) became Shropshire County Champions a few weeks ago with North Shropshire – we are extremely proud of them both!
