Part A: Pupil premium strategy plan

Statement of intent

- The key intention of the Castlefields Primary School Pupil Premium Strategy is to improve the educational outcome of pupils in receipt of Pupil Premium.
- We aim to achieve this through improving attendance amongst those pupils in receipt of Pupil Premium to ensure they are accessing high quality teaching and not missing learning. School attendance remains a high priority.
- Pupils receive support across all areas of the school curriculum and therefore develop the cultural capital to succeed in life.
- We aim to improve mental health and wellbeing. Pupils in our school will feel valued and develop their sense of belonging.
- Castlefields Primary School aims to ensure that staff are appropriately trained to enable pupils to overcome barriers to learning.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	From analysis of internal and external data, there is a risk of pupils in receipt of pupil premium making less than expected progress than their peers with similar starting points in reading and writing.
2	From analysis of ELG and phonics screening and GPS in KS2, there is a risk of pupils in receipt of pupil premium making less than expected progress than their peers with similar starting points in phonics and spelling.
3	From analysis of internal and external data, there is a risk of pupils in receipt of pupil premium making less than expected progress than their peers with similar starting points in maths.
4	Historically, attendance has been lower among those pupils receiving Pupil Premium.
5	Emotional resilience and potential emotional vulnerability. For some, support is required to develop social skills and to improve or maintain good mental health and wellbeing.
6	Additional costs could limit access to extra-curricular opportunities e.g. clubs, music tuition, etc. These experiences and opportunities are necessary to improve cultural capital.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Pupils in receipt of Pupil Premium achieve their expected target in line with their peers with similar starting points.	Pupils make at least expected progress across the curriculum and especially in reading, writing and maths. This is tracked through analysis of SATS results, NTS tests, Y4 Multiplication Check, Phonic Screening and EY data.
A higher proportion of PP pupils to gain a Good Level of Development at the end of Reception, a higher proportion to pass the phonics screening and an improvement in the GPS KS2 test results.	A higher proportion of PP pupils will achieve a GLD in Literacy at the end of Reception. A higher proportion of PP pupils will pass the phonics screening check. The gap between PP and non-PP pupils in GPS scores will decrease.
Improve attendance amongst PP pupils so that their attendance is closer to that non-PP pupils.	Attendance will be in line with the school average and higher than the national average. Additional support (including free Breakfast Club) will be offered where necessary.
Support pupils so that they have a positive attitude to learning and to increase their emotional resilience.	Pupils with emotional needs will be identified. Pupils will be well supported and will therefore show increased resilience in their learning. Pupils show improved emotional resilience.
Pupils are able to access all aspects of school life, maximising potential opportunities.	Pupils have the equipment they require for school, e.g. book bag, PE kit. Pupils are able to access Breakfast Club and Wrap Around Care to ensure they maximise extra-curricular opportunities. Cultural Capital will be improved through these offers.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £6,300

Activity	Evidence that supports this approach	Challenge number(s) addressed
CPD and training for staff to increase knowledge. Impact of CPD to be recorded and monitored.	Provision of interventions and quality of teaching will be improved. Supporting the recruitment and retention of teaching staff, for example, providing cover time to undertake professional development such as National Professional Qualifications (NPQs), Masters, Apprenticeship https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1147853/Using_pupil_premium_guidance_for_school_leaders.pdf	1, 2, 3, 4, 5, 6
Ensure all staff have access to high quality training to enable quality first phonics teaching	EEF research shows high quality phonics teaching has a +5 month impact on outcomes. https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/phonics	1, 2
